Our medical advisor Dr Nourn Sophat has a new and exciting project under way at present for SSSP. Which will assist us with our ongoing PHC clinics at Char Pagoda. So watch this space!

I would like to thank our donors for their ongoing support and encouragement. Also our January Team and our new volunteers. You were all fantastic. Miss you all and hope that you are all travelling well. Remember until next time

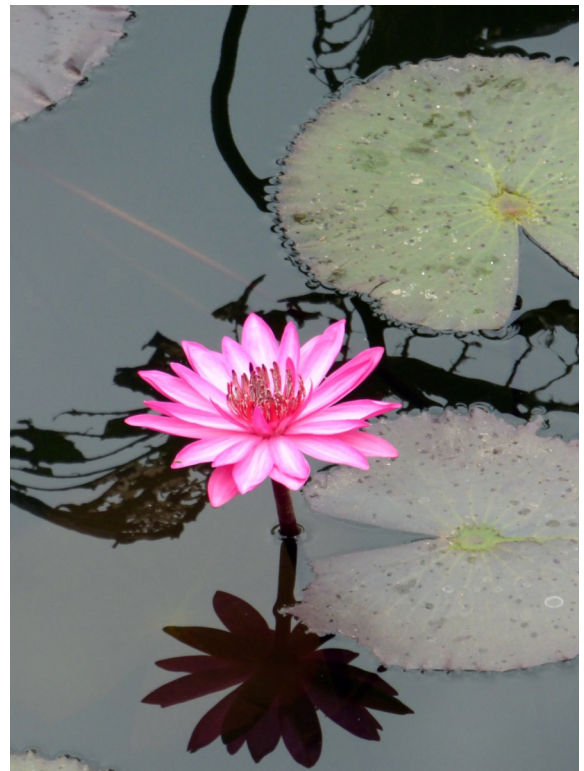

“we can’t change the World but together we can make a difference”.

All SSS Volunteers pay their own fares and all expenses and they make a genuine difference to people’s lives. We are hoping to attract some new volunteers for our July trip as our returning volunteers have commitments mid year.

Until next time

Blessings to you all

Marcel
